

Farmers Fertilizer **Quad Blend** Custom Fertilizer Blend

Soil Applied **8-4-6 + 4(Ca)** Blend

Derived From: Calcium Ammonium Nitrate, White Phosphorous Acid, Potash, FF(PHA) and Proprietary Soil Conditioner.

This product is safe to apply through drip irrigation systems.

Soil applications may be made through drip or sprinkler irrigation systems, sprayed in a broadcast or band, or dribbled into the target area.

8-4-6 + 4(Ca) is a good choice for a starter fertilizer or pop up.

8-4-6 + 4(Ca) is effective on most soil types where a complete fertilizer with Calcium is needed. There are components in this blend that may help for water penetration in certain soil types.
